LIBERATOR

Lifestyle Cellular Phones

Bridge the technology barrier between users and today's complex mobile phone features with the Curo LIBERATOR phone. Curo's simple and easy to use One Button navigation audio interface makes the LIBERATOR the alternative phone choice. The LIBERATOR addresses the simplicity demanded by millions of consumers and enables people in all walks of life and of all abilities to communicate.
Enabling, Liberating, Simplified

Who can benefit from LIBERATOR?

- Baby Boomers and other busy people who appreciate convenient, simple cellular phone operation
- people intimidated by technology
- active adults who want a safety or security phone
- anyone with limited manual dexterity
- the physically challenged
- the visually impaired

Safety, Communication, Accessibility

The innovative, intuitive Curo audio user interface provides the user easy access to cellular phone features and applications.

LIBERATOR offers network operators full differentiation and branding opportunities through custom designed housing and programming.
